

# TURF XL

**FEATURE**

More rubber on the contact surface

**BENEFIT**

Better performance in all soil and turf conditions

**FEATURE**

Unique rounded shoulder block design

**BENEFIT**

No turf damage and ease while turning

**FEATURE**

Specific tread pattern

**BENEFIT**

Improving stability & traction also equally load distribution.

**FEATURE**

Unique Alignment of Blocks

**BENEFIT**

Excellent steering stability and improved lateral traction and enables self-cleaning

**FEATURE**

High tread depth

**BENEFIT**

Better performance in all soil and turf conditions

**FEATURE**

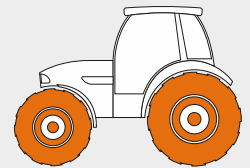

Enlarged contact area

**BENEFIT**

Improving stability & traction
