

YIELDMAX 23⁰

FEATURE

- Stepped sidewall design

BENEFIT

- Improve performance on slope area and helps in better steering

FEATURE

- Tie bar at the center

BENEFIT

- Reinforcement provides durability & strength @ lug base

FEATURE

- 23° Tread Bars

BENEFIT

- More of the bar grips the surface, improves efficiently transferring horsepower to the ground

FEATURE

- Special Tread compound

BENEFIT

- For longer life

FEATURE

- R-1 Tread Depth

BENEFIT

- Optimum field performance

FEATURE

- Open buttress design

BENEFIT

- Better self cleaning

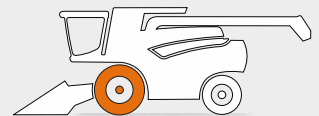

FEATURE

- Stronger carcass

BENEFIT

- To carry higher load
